Wiescamp single-handedly created one of the most recognizable and enduring families of horses in modern breeding history-the **Skipper W** line. It is so easily distinguishable by type that they are hard to miss. Fox-ears, wide set eyes, and prominent jaws.

**Skipper W** was shown at halter only 3 times and was Grand Champion in all 3; National Western in Denver, Colorado State Fair in Pueblo, and New Mexico State Fair in Albuquerque.

From Wiescamp's multi-million dollar land and Livestock Empire, the **Skipper W** line emerged and became a household name. Wiescamp's **Skipper W's** can be found winning all over the world.
